

Michigan Callers in 2018

to the National Suicide Prevention Lifeline

In 2018, the Lifeline received
2.5 million
crisis calls from across the United States

71,157
calls were from Michigan

Of the 71,157 callers, **19,119 individuals** pressed "1" to be transferred to the Veterans Crisis Line and **427** pressed "2" for Lifeline's Spanish Language Line.

Ideally, the remaining 51,611 calls in 2018 would have been **answered by Lifeline call centers in Michigan.**

However, of those, **only 18,106 calls (35%)** were able to be answered by a call center in-state.

Which meant **33,505 callers in crisis were unable to be answered** by a Michigan call center.

Established in 2005

the National Suicide Prevention Lifeline is the nation's most recognized suicide and mental health crisis line.

The Lifeline is not one large national call center. Instead, it is a network of 170 independently operated, independently funded local, regional, and state-level call centers. In 2018, there were 7 Lifeline-affiliated centers in Michigan.

In the event local centers are unable to answer, **the Lifeline re-routes calls to backup centers in our network** (both in and out-of-state).

To participate in the Lifeline network, centers operate to the highest standards of suicide care. They do an incredible job of de-escalating crisis situations, decreasing emotional distress, and reducing suicidality.

Why is this?

How can I help?

 **+84%**

The number of Lifeline calls that needed answering by Michigan call centers increased 84% from 2016 to 2018

The Lifeline is administered through Vibrant Emotional Health and funded by the U.S. Substance Abuse and Mental Health Services Administration

In 2019, there are **6** Lifeline network call centers in Michigan

- 📍 Dial Help (Houghton)
- 📍 Network 180 (Grand Rapids)
- 📍 Gryphon Place (Kalamazoo)
- 📍 Common Ground (Bloomfield Hills)
- 📍 Listening Ear Crisis Center (Mt. Pleasant)
- 📍 Macomb County Crisis Center (Clinton Township)

Why were only 35% of 2018's Lifeline calls in Michigan answered in-state?

Lifeline call centers in Michigan set the hours and coverage areas for when and where they will take Lifeline calls. **They do this based on funding and staffing levels.**

Most Lifeline-affiliated call centers in the U.S. (including in Michigan) answer calls on other helplines in addition to the Lifeline. **Despite their very best efforts, call volume can, at times, strain center capacity and callers may hang up while they wait for the next available counselor.**

In addition, **some parts of Michigan currently have no coverage for Lifeline calls.** This means calls the Lifeline receives from these areas must be routed and answered out-of-state.

When calls are re-routed to centers out-of-state, Michigan callers in crisis wait longer, they receive fewer linkages to effective local care, and they are more likely to abandon their calls.

Proven effective; needing support

The Lifeline's hotline services have been shown by research to be effective, life-saving safety nets for those in crisis (Gould et al., 2007, 2013, 2015, 2017; Ramchand et al., 2016). According to a 2018 survey of Lifeline centers, **almost 98% of the crisis calls are de-escalated such that costly, highly-restrictive responses from law enforcement and emergency medical services are not necessary.**

The Lifeline is federally funded to manage the call routing, best practice standards, public messaging, capacity-building opportunities and technical assistance for its nationwide network. However, **the funds that sustain our network's crisis centers come from state, county and local sources.** Many of our network's centers are struggling to find enough funding and resources to operate and grow.

These call centers are key components of Michigan's city, regional and state behavioral health systems because they represent an entry point into other levels of coordinated care. They provide critical services for Michigan residents at serious risk, especially those with nowhere else to turn.

**Lifeline needs more centers.
Current centers need
expanded support.**

You can advocate for them.

Please join the cause!
